 4. Medical and Health Sociology;
 5. Healthcare Organization and Management in Iran;
 6. Comparative Healthcare Systems;
 7. Human Relations and Communications in Healthcare Organizations;
 8. Evaluation and Assessment in Healthcare;
 9. School Health; and
 10. Community Health Nursing.
- B. *Educational Administration & Higher Education Management (for MA & PhD Courses):* They were executed as Online courses in the Islamic Azad University, Electronic Campus (IAUEC):
 1. Behavior and Human Relations in Educational Institutions;
 2. English for Educational Management and Planning;
 3. Research Methods for Educational Sciences;
 4. Human Resource Management for Education;
 5. Higher Education Management Information System (HEMIS); and
 6. Education Management Information System (EMIS).
- C. *MBA, Human Resource Management and State Management Courses:*
 1. Advanced Management Information Systems (MIS);
 2. Case Study and Case Analysis;
 3. English for Management;
 4. Managing Meetings Effectively;
 5. Organizational Behavior;

6. Human Resource Management; and
7. Quantitative and Mixed Methods of Research for management.

Note: The above mentioned courses were taught in different years. The more recent courses could be referred to (https://www.researchgate.net/profile/Majid_Rezai-Rad/stats). Of course, other courses were also taught to students of Nursing and other health professionals in the early years of teaching, but after acquiring a PhD in healthcare service management, it was more focused on healthcare management and other management courses.

Supervision and Advising Dissertations/Thesis:

Until the 4th of June 2019, 69 dissertations have been supervised and 9 other ones were advised. Five dissertations are under supervision and 3 others are preparing their proposal, esp. in healthcare service administration. The topics and the number of the dissertations supervised and advised are as follows:

- Healthcare service administration: 11;
- Human Resource Management: 17;
- Educational Administration: 9; and
- Different areas of management (i.e. MBA, State management,...): 44.

Some of the dissertations are categorized under three main topics.

A. Healthcare Management topics Supervised:

- ♣ E-Health Readiness Assessment Framework in Iran;
- ♣ Managerial Competencies and Skills needed by Managers of Healthcare Networks in Tabriz (a qualitative research);
- ♣ Evaluation of the performance indicators of Kermanshah Medical Center of Emergencies and its comparison with national standards;
- ♣ Effective Factors of Multi-Agency Cooperation Between First Responders toward Traffic Accidents;
- ♣ Performance evaluation of one of Tehran's Hospital Departments Based On Data Envelopment Analysis (DEA);
- ♣ The Effect of SPEAK UP™ on Patient Participation and Safety Among People Referring To Babolsar Hospitals; and
- ♣ Effective management factors affecting the mortality rate in the emergency department of the 22 Bahman Neishabour Hospital (a *qualitative research*).

B. Management Topics Supervised:

- ♣ Casual Relationships of Organizational Structure with Organizational Justice, and Job Burnout;
- ♣ Relationship between Work Life Quality (WLQ) and Organizational Commitment;
- ♣ Impact of Decision-making Styles of Buyers on Consumers' Behaviors of Kachiran Brand;
- ♣ Relationship of Leadership Styles of Tehran Police Commanders with Customers' Satisfaction;
- ♣ Stress-related Behavioral Reactions among Pre-retired Police Officers;
- ♣ Feasibility of Implementing ISO 9001-2008 in Tehran Gavar Food Industry;
- ♣ Impact of Leadership Styles on Saderat Bank Customers' Satisfaction;
- ♣ Techniques of Balancing between Work and Family among University Staff;
- ♣ How Managerial Skills of Managers are Transferred to their Subordinate for Succession;
- ♣ Impact of convenience, Social Interaction on Customers Experience and Satisfaction; and
- ♣ Communication Skills needed by Line managers.

C. Educational Administration topics Supervised:

- ♣ The impact of On-the-Job Training on Iranzamin Bank Workers Performance;
- ♣ Determining the Effective Factors of Mathematical Problem-Solving in Tehran High School Students;
- ♣ The Impact of m-Learning using Mobile Application App 141 (Online Voyage management App) on the Quality of Travelling by Its Users;
- ♣ Impact of Job Rotation on the Job Satisfaction of different levels of Bank Staff Workers; and
- ♣ The relationship between Islamic Life Style with Job Satisfaction and Organizational Self-esteem of pre-elementary and elementary teachers.

Dissertation and Thesis Review: Till the 4th of June 2019, 42 dissertation and thesis, mostly in areas of healthcare Management and Educational Administration have been reviewed.

Published Works:

A. Articles: English articles, so far, are named in the following list. There are also 18 more articles which are in Persian and related to health and management subjects. You can refer to the citations of the following articles in the Google Scholar. Another 44 non-peer-reviewed articles in Persian (authored and/ or translated) have also been published.
